

DIN EN 17928-2:2025-02 (E)

Gas infrastructure - Injection stations - Part 2: Specific requirements regarding the injection of biomethane

Contents		Page
European foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	General requirements	4
5	Operational functions	4
6	Overall safety requirements and protection against inadmissible operating modes - Protection against inadmissible underpressure	5
7	Requirements on stations, components and assemblies	5
7.1	Inadmissible gas composition from the upgrading station	5
7.2	Check of biomethane quality	5
7.2.1	General	5
7.2.2	Specific parameters	5
7.3	Odorization	6
