## Gaseous hydrogen - Fuelling stations - Part 2: Dispensers and dispensing systems

---

| <b>Contents</b>    |  | <b>Page</b> |
|--------------------|--|-------------|
| Foreword .....     |  | v           |
| Introduction ..... |  | vi          |
| <b>1</b>           | <b>Scope .....</b>   | <b>1</b>    |
| <b>2</b>           | <b>Normative references .....</b>                          | <b>1</b>    |
| <b>3</b>           | <b>Terms and definitions .....</b>                         | <b>2</b>    |
| <b>4</b>           | <b>General .....</b>                                       | <b>7</b>    |
| <b>5</b>           | <b>Requirements .....</b>                                  | <b>8</b>    |
| 5.1                | General material requirements .....                        | 8           |
| 5.2                | Construction and assembly requirements .....               | 9           |
| 5.2.1              | General construction and assembly .....                    | 9           |
| 5.2.2              | Housings and cabinets .....                                | 10          |
| 5.3                | Dispenser hydrogen systems .....                           | 10          |
| 5.4                | Piping and fittings .....                                  | 11          |
| 5.5                | Overpressure protection devices .....                      | 12          |
| 5.6                | Filters .....  | 12          |
| 5.7                | Valves .....   | 13          |
| 5.8                | Venting .....  | 13          |
| 5.9                | Dispenser fuelling assembly .....                          | 13          |
| 5.10               | Breakaway devices .....                                    | 14          |
| 5.11               | Instruments for gaseous hydrogen systems .....             | 14          |
| 5.12               | Metering .....   | 15          |
| 5.13               | Precoolers and pre-cooler control .....                    | 15          |
| 5.14               | Electrical equipment and wiring .....                      | 15          |
| 5.14.1             | General electrical requirements .....                      | 15          |
| 5.14.2             | Bonding and grounding .....                                | 15          |
| 5.14.3             | Safety instrumented systems .....                          | 15          |
| 5.14.4             | Illumination .....   | 16          |
| 5.14.5             | Payment terminals or fuelling authorizing systems .....    | 16          |
| 5.14.6             | Electromagnetic compatibility and interference (EMC) ..... | 16          |
| 5.15               | Emergency shutdown system (ESS) .....                      | 16          |
| <b>6</b>           | <b>Dispensing requirements .....</b>                       | <b>17</b>   |
| 6.1                | Control of dispensing .....                                | 17          |
| 6.2                | Dispensing temperature, pressure and flow rate .....       | 17          |
| 6.3                | Pressure integrity check (leak check) .....                | 17          |
| 6.4                | Fuelling protocol and process limits .....                 | 18          |
| 6.5                | Post dispensing .....                                      | 18          |
| <b>7</b>           | <b>Dispenser fault management .....</b>                    | <b>18</b>   |
| <b>8</b>           | <b>Marking .....</b>                                       | <b>18</b>   |
| 8.1                | General requirements .....                                 | 18          |
| 8.2                | Dispenser name plate .....                                 | 19          |
| 8.3                | Self-serve dispenser instructions .....                    | 19          |
| <b>9</b>           | <b>Qualification tests .....</b>                           | <b>19</b>   |

|   |   |    |
|---|---|----|
| 9.1   | General .....                                       | 19 |
| 9.2   | Standard test conditions .....                      | 19 |
| 9.3   | Proof pressure test .....                           | 20 |
| 9.3.1   | Acceptance criteria .....                           | 20 |
| 9.3.2   | Test method .....                                   | 20 |
| 9.4   | Leakage test .....                                  | 20 |
| 9.4.1   | Acceptance criteria .....                           | 20 |
| 9.4.2   | Test method .....                                   | 20 |
| 9.5   | Impact test .....                                   | 20 |
| 9.5.1   | Acceptance criteria .....                           | 20 |
| 9.5.2   | Test method .....                                   | 21 |
| 9.6   | Dispenser shutdown test .....                       | 21 |
| 9.6.1   | Acceptance criteria .....                           | 21 |
| 9.6.2   | Test method .....                                   | 21 |
| 9.7   | Hose rupture .....                                  | 22 |
| 9.7.1   | General .....                                       | 22 |
| 9.7.2   | Acceptance criteria .....                           | 22 |
| 9.7.3   | Test method .....                                   | 22 |
| 9.8   | Hose breakaway test .....                           | 23 |
| 9.8.1   | Acceptance criteria .....                           | 23 |
| 9.8.2   | Test method .....                                   | 23 |
| 9.9   | Prevention of electrostatic discharge .....         | 23 |
| 9.9.1   | Acceptance criteria .....                           | 23 |
| 9.9.2   | Test method .....                                   | 23 |
| 9.10  | Dispenser ground continuity test .....              | 24 |
| 9.10.1  | Acceptance criteria .....                           | 24 |
| 9.10.2  | Test method .....                                   | 24 |
| 9.11  | Dielectric voltage-withstand test .....             | 24 |
| 9.11.1  | Acceptance criteria .....                           | 24 |
| 9.11.2  | Test method .....                                   | 24 |
| 9.12  | Dispenser cabinet test .....                        | 25 |
| 9.12.1  | Acceptance criteria .....                           | 25 |
| 9.12.2  | Test method .....                                   | 25 |
| 9.13  | Marking material adhesion and legibility test ..... | 25 |
| 9.13.1  | Acceptance criteria .....                           | 25 |
| 9.13.2  | Test method .....                                   | 25 |
| 10  | Routine tests .....                                 | 26 |
| 11  | Product literature .....                            | 26 |
| 11.1  | General .....                                       | 26 |
| 11.2  | Installation .....                                  | 26 |
| 11.3  | Maintenance and service .....                       | 26 |
| 11.4  | Operation .....                                     | 27 |
| Annex A (informative) Dispenser system types .....                    |   | 28 |
| Annex B (informative) Examples of hazardous area classification ..... |   | 30 |
| Annex C (normative) Marking class requirements .....                  |   | 33 |
| Bibliography .....  |   | 35 |
