

# DIN EN ISO 23328-1:2008-06 (E)

## Breathing system filters for anaesthetic and respiratory use - Part 1: Salt test method to assess filtration performance (ISO 23328-1:2003)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Terms and definitions .....	5
3	Method .....	6
3.1	Principle .....	6
3.2	Test conditions .....	6
3.3	Apparatus .....	6
3.4	Conditioning of BSF .....	6
3.5	Sample size .....	7
3.6	Procedure .....	7
4	Calculation and expression of test results .....	8
5	Test report .....	8
Annex A (normative) Conditioning of BSF .....		9
Annex B (informative) Aerosol particle size distribution .....		12
Annex C (informative) Rationale for chosen test method .....		13
Annex D (informative) Clauses of this part of ISO 23328 addressing the essential principles of ISO/TR 16142 .....		15
Requirements of EU Directive 93/42/EEC Medical devices .....		16
Bibliography .....		17
