DIN EN 13544-2 :2010-01 (E)

Respiratory therapy equipment –
Part 2: Tubing and connectors (includes Amendment A1:2009)

CONTENTS

Page

Foreword 3

1 **Scope** 4

2 **Normative references** 4

3 **Nipples** 4
3.1 **Dimensions** 4
3.2 **Performance** 4

4 **Weight-bearing screw-threaded connectors** 4

5 **Tubing** 4
5.1 **General** 4

6 **Marking of tubing, labels and packaging** 7

7 **Packaging** 7

8 **Usability** 8

9 **Clinical evaluation** 8

Annex A (normative) **Test methods** 9
A.1 **Apparatus** 9
A.2 **Method of test for strength of nipple** 9
A.3 **Method of test for resistance to gas flow of tubing** 12
A.4 **Method of test for security of connection between end connector and tubing** 13
A.5 **Method of test for security of connection of end connectors and nipple** 13
A.6 **Method of test for resistance to kinking** 14

Annex B (normative) **Weight-bearing screw-threaded connectors for oxygen and air** 16

Annex C (informative) **Information on method of testing security of connections** 17

Annex ZA (informative) **A1 Relationship between this European Standard and the Essential Requirements of EU Directive 93/42/EEC A1** 18
