Foreword v

Introduction vi

1 Scope 1

2 Normative references 2

3 Terms and definitions 2

4 Components 3
4.1 Components introduction 3
4.2 Data element structure 5
4.3 Summary of provider identifiers 7

5 Provider identifier 9
5.1 Provider identifier introduction 9
5.2 Provider identifier designation 9
5.3 Provider identifier geographic area 10
5.4 Individual or organizational provider flag 11
5.5 Provider identifier issuer 11
5.6 Provider identifier usage 12
5.7 Duplicate resolution 12

6 Individual provider 14
6.1 Individual provider introduction 14
6.2 Individual provider name 15
6.3 Individual provider demographic details 22
6.4 Field of practice 25

7 Biometric identifiers 37

8 Provider organization identification 38
8.1 General 38

9 Provider address 47
9.1 General 47
9.2 Address line 49
9.3 Suburb/town/locality 50
9.4 State / territory / province identifier 50
9.5 Postal code 50
9.6 Delivery point identifier 50
9.7 Country identifier 50
9.8 Address type 50
9.9 Address type start date 50
9.10 Address type start date accuracy indicator 51
9.11 Address type end date 51
9.12 Address type end date accuracy indicator 51
9.13 Address security 51
9.14 Address available to provider 51

10 Provider electronic communications 51

10.1 General 51
10.2 Electronic communication medium 52
10.3 Electronic communication usage code 52
10.4 Electronic communication details 52
10.5 Communication privacy 52
10.6 Communication available to provider 53

Annex A (informative) Implementation 54
