DIN 58959-3:2014-08 (E)

Medical microbiology - Quality management in medical microbiology - Part 3: Requirements for request and report forms

Contents

Page

Foreword 3

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Table of abbreviations 6

5 Requirements 7
5.1 Content of lab service requests 7
5.1.1 General 7
5.1.2 Details about the sender/applicant 7
5.1.3 Details about the patient/subject 7
5.1.4 Clinical/pre-clinical data 7
5.1.5 Details about the specimen 8
5.1.6 Details about the desired investigation/type of analysis 8
5.2 Content of the medical laboratory report 8
5.2.1 General 8
5.2.2 Details about the investigating laboratory 8
5.2.3 Details from the lab service request 8
5.2.4 Data to be obtained in the medical microbiology laboratory 9
5.2.5 Details of the test results 9
5.2.6 Date of medical laboratory report 10
5.2.7 Additional information 10
5.2.8 Details of the medical assessment and evaluation of the results 10
5.3 Checking of report and validation 10
5.4 Reporting format 10
5.5 Reporting timeframe 11
5.5.1 Time-critical laboratory examinations and results 11
5.5.2 Non-time-critical laboratory examinations and results 11
5.6 Documentation of medical laboratory reports 11
5.7 Eliminating risk of infection/Safety requirements 11
