Foreword iv

Introduction v

1 Scope 1

2 Normative References 1

3 Termsanddefinitions 1

4 Abbreviations 4

5 General approach to analyse the interoperability requirements in support of an interoperability use case 4
5.1 Concept of an Interoperability Use Case 4
5.2 Decomposition of an Interoperability Use Case into Technical Use Cases 5

6 ProjectInteroperabilitySpecification 7
6.1 Scope of Interoperability 7
6.2 Selection and combination of the appropriate Profiles 7
6.3 Establishing a Jurisdictional Interoperability Framework 10
6.4 Examples to illustrate the application of the above methodology to specific Interoperability Use Cases 10

7 Deploymentbenefitsofprofile-basedinteroperabilityspecifications 11
7.1 Alternatives and Deployment benefits 11

8 Approach to testing for interoperability 14
8.1 Four phases of Testing for Interoperability 14
8.2 Responsibilities and Entrance/Exit Criteria 15
8.3 Test Management Processes and Certification 16
