Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Coding principles 2
4.1 Uniqueness 2
4.2 Compatibility 2
4.3 Stability 2

5 Information coding 3
5.1 Retail products of Chinese medicines code 3
5.2 Medicinal code 3
5.3 Company internal information code 3
5.3.1 General principles 3
5.3.2 Producing area code 3
5.3.3 Measurement unit code 4
5.3.4 Grade code 4
5.4 Code of production date 4
5.5 Code of batch number 5
5.6 Code of batch numbers in logistic unit 5
5.7 Code of logistic unit 5

6 Representationofinformationidentification 5
6.1 One-dimensional bar code representation 6
6.1.1 One-dimensional bar code representation of retail trade account 6
6.1.2 One-dimensional bar code representation of non-retail trade account 6
6.1.3 One-dimensional bar code representation of logistic unit 6
6.2 Two-dimensional bar code representation 6
6.3 Radio frequency identification (RFID) representation 7
6.3.1 Technical requirements 7
6.3.2 Requirements of encapsulation material 7
