Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 General requirements 2

5 Materials 2
5.1 General 2
5.2 Biological safety of gas pathways 2

6 Design requirements 2
6.1 General 2
6.2 Resistance to flow 4
6.3 Inlet connectors 5
6.4 Nasal prongs 6

7 Sterility 7

8 Packaging 7

9 Information supplied by the manufacturer 7

Annex A (normative) Test method for resistance to flow 8

Annex B (normative) Test methods for security of connectors and nasal prongs 9
