Healthcare organization management - Hand hygiene performance

Contents

Page

Foreword ..... **v**

Introduction ..... **vi**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Hand hygiene quality policy and requirements **4**
4.1 General 4
4.1.1 Conformity 4
4.1.2 Prerequisites for the use of this document 5
4.1.3 How to use this document 5
4.2 Hand hygiene quality policy 6
4.3 Hand hygiene quality policy requirements 7
4.3.1 Evaluating hand hygiene products for potential use in healthcare facilities 7
4.3.2 Towel dispensing systems requirements 9
4.3.3 How to perform hand hygiene 9
4.3.4 Indications for hand hygiene performance 10
4.3.5 Assessing hand hygiene performance 12
4.3.6 ABHR products and glove use 12

5 Hand hygiene program **13**
5.1 General 13
5.2 Hand hygiene quality policy requirements 13
5.3 Healthcare organization requirements 14
5.3.1 General 14
5.3.2 Supplies and infrastructure requirements 14
5.3.3 Healthcare facility assessment 15
5.3.4 Hand hygiene self-assessment forms and checklists 16
5.4 Establish operations and maintenance plan 18
5.4.1 General 18
5.4.2 Dispenser maintenance recommendations and requirements 19

6 Training and education **19**
6.1 General 19
6.2 General hand hygiene training and requirements 19
6.3 Concepts that shall be included in the training program 20
6.4 Objectives of training 21
6.5 Follow-up of completion of hand hygiene training 22
6.6 Specific training for trainers and observers - direct observation method 22
6.7 Selection of trainers and future observers 22
6.7.1 Trainers 22
6.7.2 Trainee hand hygiene observers 22
6.7.3 Validation of hand hygiene observers 23
6.8 Additional concepts that are required in an observer training program 23
6.8.1 Minimum requirements for direct observation by HCP 23
6.8.2 Use of hand hygiene observation tools 23
6.8.3 Data analysis and quality control 24
6.8.4 Assessment of the healthcare facility improvements on hand hygiene 24
6.9 Competence 25
6.10 Delivery options for education and training 25

6.11 Training the hand hygiene expert 26
6.11.1 Validation of written examinations 26
6.11.2 Establishing a hand hygiene monitoring program 26
6.12 Frequency of training and competency assessment 28
6.13 Training and verification systems 28
6.14 Requirements for hand hygiene training technique 28
6.15 Patient hand hygiene education 29
6.16 Visitor hand hygiene education 29
7 Cultural aspects of hand hygiene management 30
7.1 General 30
7.2 Communications 30
7.3 Education 30
7.4 Awards and recognition 30
7.5 Surveys 31
Bibliography 32
