Requirements and recommendations for supervisors and operators of point-of-care testing (POCT) equipment

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Personnel	4
4.1	Supervisor	4
4.2	Operators	4
4.2.1	General	4
4.2.2	Training	5
4.2.3	Competence	5
5	Point-of-care testing (POCT) equipment selection	6
6	Point-of-care testing (POCT) process management	6
6.1	General	6
6.2	Pre-testing stage	6
6.2.1	General	6
6.2.2	Planning and development of the POCT service	7
6.2.3	Suitable testing environment	7
6.2.4	Availability and adequacy of test consumables	7
6.2.5	POCT equipment readiness for use	8
6.2.6	Patient consent and counselling	8
6.2.7	Verification of the patient's identity	9
6.2.8	Sample collection requirements	9
6.2.9	Factors interfering with testing	9
6.3	Testing stage	10
6.3.1	General	10
6.3.2	Internal quality control (IQC)	10
6.3.3	External quality assessment (EQA)	10
6.3.4	Performing the test	10
6.3.5	Identification and resolution of problems	11
6.4	Post-testing stage	11
6.4.1	Result recipients	11
6.4.2	Result interpretation	12
6.4.3	Result reporting	12
6.4.4	Handling and disposal	13
6.4.5	Cleaning of POCT equipment	13
6.5	External audits of the POCT service	13
7	Information management considerations	13
7.1	General	13
7.2	Confidentiality and security	13
8	Documentation and record keeping	13
8.1	Documents	13

8.2	Records and records management	14
8.2.1	General	14
8.2.2	Requirements for managing records	14
8.2.3	Correction of records	14
8.2.4	Storage of records	14
9	Health and safety consideration	14
9.1	General	14
9.2	Biosafety and infection control procedures	15
9.2.1	General	15
9.2.2	Use of sharps	15
9.2.3	Personal protection	15
9.2.4	Disposal of waste	15
9.2.5	Hazard analysis	15
9.3	Other health and safety considerations	15
Annex A (normative) Training and competence of operators		16
Annex B (normative) Point-of-care testing (POCT) equipment and selection of the most appropriate test		19
Annex C (informative) Documents and records		25
Annex D (normative) Internal quality control (ICQ) and external quality assessment (EQA)		27
Annex E (informative) Biosafety and infection control procedures		31
Bibliography		33
