Lung ventilators and related equipment - Vocabulary and semantics - Part 2: High frequency and jet ventilation

Contents

Page

Foreword..... iv

Introduction..... v

1 Scope..... 1

2 Normative references..... 1

3 Terms and definitions..... 1

 3.1 General high-frequency ventilation terminology..... 2

 3.2 High-frequency-ventilation equipment terminology..... 3

 3.3 High-frequency-ventilation mode terminology..... 4

 3.4 Pressure terminology..... 7

 3.5 Flow and volume terminology..... 7

 3.6 Waveform terminology..... 8

Annex A (informative) Classification of ventilation-modes..... 9

Annex B (informative) Illustration of high-frequency ventilation terms..... 10

Bibliography..... 15

Index..... 16
