Foreword v

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 1
3.1 General terms 2
3.2 Terms related to person's identifier data elements 2
3.3 Terms related to person's name data elements 3
3.4 Terms related to additional person's demographic data elements 4
3.5 Terms related to person's address data elements 5
3.6 Terms related to person's electronic communication data elements 7
3.7 Terms related to person's address communication suppression data elements 8
3.8 Terms related to individual professional healthcare provider identification data elements 8
3.9 Terms related to an individual healthcare provider demographic data element 8
3.10 Terms related to individual professional healthcare provider qualification data elements 8
3.11 Terms related to individual professional healthcare provider place of practice data elements 9
3.12 Terms related to individual professional healthcare provider registration data elements 9
3.13 Terms related to the individual professional healthcare provider special restrictions or extensions to practice 10
3.14 Terms related to an individual unregulated healthcare provider group 12
3.15 Terms related to the healthcare organization identifier data elements 12
3.16 Terms related to the healthcare organization name data elements 12
3.17 Terms related to the healthcare organization address data elements 13

4 Components of data elements 13
4.1 General 13
4.2 Data element structure 13
4.2.1 General 13
4.2.2 Data element name 13
4.2.3 Definition 13
4.2.4 Logical data type 14
4.2.5 Guidance 14
4.2.6 Examples 14
4.3 Data elements by use case 14

5 Person identification 15
5.1 General 15
5.2 Person identifier group 16
5.3 Person name group 17
5.3.1 General 17
5.3.2 Person name usage group 20
5.4 Additional person demographics 22
5.4.1 General 22
5.4.2 Birth group 22
5.4.3 Death group 24
5.4.4 Sex and gender group 25

5.5 Person address group 27
5.6 Electronic communications 31
5.7 Address communication suppression 32

6 Individual healthcare provider identification 34
6.1 General 34
6.2 Individual professional healthcare provider group 34

6.3 Individual healthcare provider demographic group 35
6.4 Individual healthcare provider qualification title group 36
6.5 Individual healthcare provider place of practice group 37
6.6 Individual healthcare provider registration group 39
6.7 Individual healthcare provider special restrictions or extensions to practice 41
6.7.1 General 41
6.7.2 Individual healthcare provider endorsement group 41
6.7.3 Individual healthcare provider conditions group 43
6.7.4 Individual healthcare provider reprimand group 44
6.7.5 Individual healthcare provider caution group 45
6.8 Individual unregulated healthcare provider group 46

7 Healthcare organization 47
7.1 General 47
7.2 Healthcare organization identifier group 47
7.3 Healthcare organization name group 48
7.4 Healthcare organization address group 49
