Foreword	ix
Introduction	x
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
3.1 General terms	1
3.2 Health matters	4
3.3 Actors, performers and resources	18
3.4 Activities	33
3.5 Care processes	43
3.6 Time	49
3.7 Plans and events	58
3.8 Mandates	65
3.9 Health records	73
4 Abbreviated terms	86
5 Health and care	86
5.1 General	86
5.2 Explanations and comments	86
5.2.1 Health state	86
5.2.2 Health matter	87
5.2.3 Health condition	87
5.2.4 Health issue	87
5.2.5 Health problem	87
5.2.6 Health thread	87
5.2.7 Potential health condition	87
5.2.8 Observed condition	87
5.2.9 Considered condition	87
5.2.10 Vulnerability	87
5.2.11 Social environment	88
5.2.12 Social determinant of health	88
5.2.13 Health need	88
5.3 Representation of the relationships between concepts related to health state	88
5.4 Normative statements	91
5.4.1 Relationships of health state	91
5.4.2 Relationships of health matter	92
5.4.3 Relationships of clinical matter	92
5.4.4 Relationships of social matter	92
5.4.5 Relationships of health condition	92
5.4.6 Relationships of health issue	93
5.4.7 Relationships of social issue	93
5.4.8 Relationships of clinical issue	93
5.4.9 Relationships of health problem	93
5.4.10 Relationships of health thread	93
5.4.11 Relationships of health problem list	94
5.4.12 Relationships of potential health condition	94
5.4.13 Relationships of observed condition	94

5.4.14	Relationships of considered condition	94
5.4.15	Relationships of professionally assessed condition	95
5.4.16	Relationships of vulnerability	95
5.4.17	Relationships of excluded condition	95
5.4.18	Relationships of working diagnosis	95
5.4.19	Relationships of prognostic condition	95
5.4.20	Relationships of resultant condition	96
5.4.21	Relationships of target condition	96
5.4.22	Relationships of risk condition	96
5.4.23	Relationships of social environment	96
5.4.24	Relationships of health need	96
5.4.25	Relationships of social need	97
5.4.26	Relationships of clinical need	97
6	Actors and resources	97
6.1	General	97
6.2	Explanations and comments	97
6.2.1	Care actor	97
6.2.2	Subject of care	97
6.2.3	Care organization	97
6.2.4	Care third party	97
6.2.5	Care personnel	98
6.2.6	Care employment	98
6.2.7	Care professional entitlement	98
6.2.8	Care professional	98
6.2.9	Subject of care proxy	98
6.2.10	Care performer	98
6.2.11	Prescriber	98
6.2.12	Care resource	98
6.2.13	Point of care	98
6.2.14	Care funds	99
6.3	Representation of the relationships between concepts related to care actors	99
6.4	Normative statements	101
6.4.1	Relationships of care actor	101
6.4.2	Relationships of subject of care	102
6.4.3	Relationships of care provider	103
6.4.4	Relationships of care third party	103
6.4.5	Relationships of care organization	103
6.4.6	Relationships of care employment	104
6.4.7	Relationships of care personnel	104
6.4.8	Relationships of care professional entitlement	104
6.4.9	Relationships of care professional	104
6.4.10	Relationships of other carer	105
6.4.11	Relationships of care supporting organization	105
6.4.12	Relationships of subject of care proxy	105
6.4.13	Relationships of care performer	106
6.4.14	Relationships of self-care performer	106
6.4.15	Relationships of third party care performer	106
6.4.16	Relationships of prescriber	106
6.4.17	Relationships of care resource	106
6.4.18	Relationships of point of care	107
6.4.19	Relationships of medical device	107
6.4.20	Relationships of automatic medical device	107
6.4.21	Relationships of medicinal product	107
6.4.22	Relationships of care funds	107
6.4.23	Relationships of facility	107
7	Activities	108
7.1	General	108
7.2	Explanations and comments	108
7.2.1	Care activity	108

7.2.2	Care activities bundle	108
7.2.3	Care investigation	108
7.2.4	Care treatment	108
7.2.5	Health condition assessment	108
7.2.6	Care needs assessment	108
7.2.7	Care activity management	108
7.2.8	Care evaluation	108
7.3	Representation of the relationships between concepts related to care activities	109
7.4	Normative statements	110
7.4.1	Relationships of care activity	110
7.4.2	Relationships of care provider activity	111
7.4.3	Relationships of social care	111
7.4.4	Relationships of automated care	112
7.4.5	Relationships of self-care	112
7.4.6	Relationships of prescribed self-care	112
7.4.7	Relationships of care third party activity	112
7.4.8	Relationships of prescribed third party activity	112
7.4.9	Relationships of care service offering	113
7.4.10	Relationships of care activities bundle	113
7.4.11	Relationships of care service	113
7.4.12	Relationships of care service directory	113
7.4.13	Relationships of care investigation	114
7.4.14	Relationships of care treatment	114
7.4.15	Relationships of care assessment	114
7.4.16	Relationships of health condition assessment	114
7.4.17	Relationships of care needs assessment	114
7.4.18	Relationships of needed care activity	114
7.4.19	Relationships of care activity management	115
7.4.20	Relationships of care evaluation	115
8	Processes	115
8.1	General	115
8.2	Explanations and comments	115
8.2.1	Care process	115
8.2.2	Continuity of care process	115
8.2.3	Request for care	115
8.2.4	Reason for request for care	116
8.2.5	Care process evaluation	116
8.3	Representation of the relationships between concepts related to care processes	116
8.4	Normative statements	117
8.4.1	Relationships of care process	117
8.4.2	Relationships of continuity of care process	118
8.4.3	Relationships of input health state	118
8.4.4	Relationships of output health state	118
8.4.5	Relationships of request for care	119
8.4.6	Relationships of initial request for care	119
8.4.7	Relationships of referral	119
8.4.8	Relationships of request for service	119
8.4.9	Relationships of reason for request for care	120
8.4.10	Relationships of care process evaluation	120
9	Events, time	120
9.1	General	120
9.2	Explanations and comments	120
9.2.1	Health related period	120
9.2.2	Health condition period	120
9.2.3	Care activity period	120
9.2.4	Mandated period of care	120
9.2.5	Indirect care activity period	121
9.2.6	Prescribed self-care period	121
9.2.7	Care contact	121

9.2.8	Initial contact	121
9.2.9	Encounter	121
9.2.10	Care appointment	121
9.2.11	Episode of care	121
9.2.12	Care activity delay	121
9.2.13	Health approach	121
9.3	Representation of the relationships between concepts related to time	121
9.4	Normative statements	122
9.4.1	Relationships of health related period	122
9.4.2	Relationships of health condition period	122
9.4.3	Relationships of care activity period	123
9.4.4	Relationships of mandated period of care	123
9.4.5	Relationships of indirect care activity period	123
9.4.6	Relationships of prescribed self-care period	123
9.4.7	Relationships of care contact	123
9.4.8	Relationships of initial contact	124
9.4.9	Relationships of encounter	124
9.4.10	Relationships of care appointment	124
9.4.11	Relationships of episode of care	124
9.4.12	Relationships of episodes of care bundle	125
9.4.13	Relationships of care activity delay	125
9.4.14	Relationships of health condition delay	125
9.4.15	Relationships of resource delay	125
9.4.16	Relationships of subject of care preference delay	125
9.4.17	Relationships of health approach	125
10	Planning care and knowledge resources	126
10.1	General	126
10.2	Explanations and comments	126
10.2.1	Care planning	126
10.2.2	Care goal	126
10.2.3	Intended outcome	126
10.2.4	Core care plan	126
10.2.5	Care pathway	126
10.2.6	Unintended event	126
10.3	Representation of the relationships between concepts related to planning care	126
10.4	Normative statements	127
10.4.1	Relationships of care planning	127
10.4.2	Relationships of care goal	128
10.4.3	Relationships of intended outcome	128
10.4.4	Relationships of care guideline	128
10.4.5	Relationships of protocol	128
10.4.6	Relationships of care pathway	129
10.4.7	Relationships of care plan	129
10.4.8	Relationships of core care plan	129
10.4.9	Relationships of social care plan	130
10.4.10	Relationships of clinical care plan	130
10.4.11	Relationships of integrated care plan	130
10.4.12	Relationships of unintended event	130
10.4.13	Relationships of adverse event	130
10.4.14	Relationships of adverse event management	130
11	Responsibility	130
11.1	General	130
11.2	Explanations and comments	131
11.2.1	Care mandate	131
11.2.2	Care commitment	131
11.2.3	Objection, subject of care desire	131
11.2.4	Proxy mandate	131
11.2.5	Care period mandate	131
11.2.6	Continuity facilitator mandate	131

11.2.7	Mandate to export personal information	131
11.3	Representation of the relationships between concepts related to responsibility and mandates	132
11.4	Normative statements	133
11.4.1	Relationships of care mandate	133
11.4.2	Relationships of care commitment	133
11.4.3	Relationships of informed consent	133
11.4.4	Relationships of objection	134
11.4.5	Relationships of consent competence	134
11.4.6	Relationships of authorization by law	134
11.4.7	Relationships of subject of care desire	134
11.4.8	Relationships of care activity mandate	135
11.4.9	Relationships of clinical care activity mandate	135
11.4.10	Relationships of social care activity mandate	135
11.4.11	Relationships of proxy mandate	135
11.4.12	Relationships of care period mandate	135
11.4.13	Relationships of request mandate	136
11.4.14	Relationships of continuity facilitator mandate	136
11.4.15	Relationships of mandate to export personal information	136
12	Information and records	136
12.1	General	136
12.2	Explanations and comments	136
12.2.1	Care data	136
12.2.2	Care information	137
12.2.3	Care documenting	137
12.2.4	Health record extract	137
12.2.5	Health report	137
12.2.6	Health summary	137
12.2.7	Health concern	137
12.2.8	Care communication	137
12.2.9	Non-ratified care information	137
12.2.10	Health certificate	138
12.2.11	Concepts fetched from ISO 13606-1 and ISO/IEC 21838-3	138
12.3	Representation of the relationships between concepts related to information and health records	138
12.4	Normative statements	139
12.4.1	Relationships of record template	139
12.4.2	Relationships of care data	140
12.4.3	Relationships of care information	140
12.4.4	Relationships of care documenting	140
12.4.5	Relationships of health record	140
12.4.6	Relationships of professional health record	141
12.4.7	Relationships of personal health record	141
12.4.8	Relationships of shareable data repository	141
12.4.9	Relationships of health record extract	141
12.4.10	Relationships of social record extract	142
12.4.11	Relationships of health report	142
12.4.12	Relationships of social care report	142
12.4.13	Relationships of discharge report	142
12.4.14	Relationships of health summary	142
12.4.15	Relationships of discharge summary	142
12.4.16	Relationships of health concern	142
12.4.17	Relationships of summarized care information repository	143
12.4.18	Relationships of care communication	143
12.4.19	Relationships of non-ratified care information	143
12.4.20	Relationships of care information for import	143
12.4.21	Relationships of care information request	143
12.4.22	Relationships of health certificate	144
12.4.23	Relationships of health record component	144
12.4.24	Relationships of folder	144

12.4.25	Relationships of composition	144
12.4.26	Relationships of entry	144
Annex A (informative)	Process approach to describing continuity of care	146
Annex B (informative)	Alignment with an upper ontology	149
