Foreword 4
Introduction 5
1 Scope 6
2 Normative references 6
3 Terms and definitions 6
4 Abbreviations 10
5 Rules governing the use of general purpose information components 10
6 General Purpose Information Components – an overview 12
7 General Purpose Information Components 20
7.1 Analysable Object GPICs 20
7.1.1 Analysable Object 20
7.1.2 Analysable Object In Use 24
7.1.3 Specimen 26
7.1.4 Related Analysable Object 31
7.1.5 Manufactured Specimen 32
7.1.6 Specimen Treatment 35
7.1.7 Related Specimen Treatment 38
7.1.8 Associated Specimen Treatment 39
7.1.9 Study Product 41
7.1.10 Object Characteristic 44
7.1.11 Preservation Material 46
7.1.12 Acquired Analysable Object 49
7.1.13 Analysable Object Acquisition 51
7.1.14 Related Object Acquisition 52
7.1.15 Acquisition Procedure 54
7.1.16 External Data Reference 59
7.2 Clinical Information GPICs 61
7.2.1 Clinical Information 61
7.2.2 Clinical Information Complex 63
7.2.3 Clinical Information Context 66
7.2.4 Related Clinical Information Complex 68
7.2.5 Clinical Information Item 70
7.2.6 Related Clinical Information 74
7.3 Clinical Observation GPICs 75
7.3.1 Clinical Observation 75
7.3.2 Related Patient Condition 78
7.4 Clinical Procedure GPICs 80
7.4.1 Clinical Procedure 80
7.4.2 Patient Preparation Procedure 84
7.4.3 Patient Preparation Substance 88
7.5 Counselling GPICs 89
7.5.1 Counselling 89
7.6 Unclassified Clinical Information GPICs 92
7.6.1 Unclassified Clinical Information 92
7.7 Laboratory And Diagnostic Investigation GPICs 95
7.7.1 Investigation Request 95
7.7.2 Related Investigation Request 101

7.7.3 Investigation Result Item ... **103**
7.7.4 Related Investigation Result ... **107**
7.7.5 Reference Limit ... **109**
7.7.6 Reference Population ... **111**
7.7.7 Investigation Specification ... **113**
7.7.8 Body System ... **117**
7.7.9 Related Body System ... **119**
7.7.10 Measurement Procedure ... **121**
7.8 Medication GPICs ... **124**
7.8.1 Utilisation Guide ... **124**
7.8.2 Medication Treatment ... **125**
7.8.3 Medication Supply ... **128**
7.8.4 Medicinal Product ... **132**
7.8.5 Ingredient ... **135**
7.8.6 Medicinal Product in Use ... **137**
7.8.7 Medicinal Product Pack ... **139**
7.8.8 Medicinal Product Pack in Use ... **143**
7.8.9 Medication Appliance ... **145**
7.8.10 Medication Appliance in Use ... **147**
7.8.11 Medication Treatment Regimen ... **148**
7.8.12 Dose Administration ... **150**
7.8.13 Medication Treatment Condition ... **154**
7.9 Treatment Routing GPICs ... **156**
7.9.1 Routing Option ... **156**
7.9.2 Routing Device ... **158**
Care Encounter GPICs ... **161**
7.9.3 Care Service Request ... **161**
7.9.4 Related Service Request ... **165**
7.9.5 Care Service Report ... **166**
7.9.6 Related Service Report ... **170**
7.9.7 Care Encounter ... **172**
7.9.8 Related Care Encounter ... **176**
7.10 Care Service Delivery GPICs ... **178**
7.10.1 Care Service Delivery ... **178**
7.10.2 Previous Related Activity ... **181**

8 Acts, their context and inheritance ... **183**
8.1 Introduction ... **183**
8.2 Inheritance of Act Context ... **184**
8.2.1 Method ... **184**
8.2.2 Participation ... **184**
8.2.3 Act Relationship ... **185**

9 Structural vocabularies ... **187**
9.1 Act class ... **187**
9.2 Act mood ... **192**
9.3 Act status ... **193**
9.4 Act Relationship ... **193**
9.5 Context Control Act Relationship ... **198**
9.6 Context Control Participation ... **198**

Annex A (informative) **Rationale for this document on general purpose information components** ... **199**

Annex B (informative) **How to read the models** ... **200**
B.1 Introduction ... **200**
B.2 Classes ... **200**
B.3 Associations between classes ... **200**
B.4 Generalisation/Specialisation ... **201**

Annex C (informative) **Health Level 7 (HL7) reference information model** ... **202**

Annex D (informative) **Common features of the general purpose information components** ... **204**

Annex E (informative) **Localisation of the general purpose information components** ... **206**

Bibliography ... **207**
