Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms, definitions and abbreviated terms 1
3.1 Terms and definitions 1
3.2 Abbreviated terms 2

4 Globally unique string identifier field 2

5 ISO/IEC data object identifier GUSI exchange format 2
5.1 General 2
5.2 Logical data format 2
5.3 Character representation 3
5.4 Encoding 3
5.5 Integer component representation 3
5.6 Integer component separator 3
5.7 Interpretation of the data object identifier string 3

6 128 bit globally unique string identifier format 3
6.1 General 3
6.2 Logical data format 3
6.3 Character representation 3
6.4 UUID components 3
6.5 Encoding 3

Annex A (informative) Scenarios 4

Annex B (informative) Nature and application of Data Object Identifiers 5

Annex C (informative) ASN.1 specification for the exchange of OID and UUIDs 8
