Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Requirements 6

5 Methods 6
5.1 Principle 6
5.2 Materials and reagents 6
5.3 Apparatus and glassware 8
5.4 Procedure for preservation of test organisms - General 10
5.5 Procedure for preservation of bacteria (incl. spore-forming bacteria, excl. bacterial spores) and yeasts 10
5.6 Procedure for preservation of mycobacteria 11
5.7 Procedure for preservation of moulds (e.g. Aspergillus niger) 12
5.8 Verification of the purity and identity of test organisms 13
5.9 Documentation 13

Annex A (informative) Test organisms - Culture collection references and relation to CEN/TC 216 standards and prENs 15

Annex B (informative) Graphical representations 18
