## Energy efficiency benchmarking methodology

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	6
2	Normative references .....	6
3	Terms and definitions .....	6
4	Energy efficiency benchmarking methodology .....	9
4.1	Minimum requirements for energy efficiency benchmarking .....	9
4.2	Benchmarking steps .....	9
4.2.1	Purpose and planning .....	9
4.2.2	Data collection and verification .....	10
4.2.3	Analysis and results .....	11
4.2.4	Reporting .....	11
Annex A (informative)	Example of a checklist for an energy efficiency benchmarking .....	12
Annex B (informative)	Two examples of energy efficiency benchmarking data collection questionnaires .....	14
Annex C (informative)	Checklist correction factors .....	18
Annex D (informative)	Plausibility check of input data .....	19
Annex E (informative)	Two examples of presentation of benchmarking output .....	20
Annex F (informative)	Benchmarking as a management tool .....	22
Bibliography .....		23
