DIN EN 18034:2025-07 (E)

Algae and algae products - Methods of sampling and analysis - Determination of chlorophyll a content

Contents

Page

European foreword ... 3

Introduction ... 4

1 Scope ... 5

2 Normative references ... 5

3 Terms and definitions ... 5

4 Principle ... 6

5 Apparatus ... 6

6 Reagents and materials ... 6

7 Sampling and preparation of the sample ... 8

8 Procedure ... 8

9 Calculation of chlorophyll *a* concentration ... 12

10 Test Report ... 13

Annex A (informative) **Chlorophyll standards and standard curves for calibration** ... 15

Annex B (informative) **Results of Interlaboratory Trial and Round Robin for chlorophyll *a*, *b* and *c*** ... 16

B.1 Introduction ... 16

B.2 Results of the Interlaboratory Trial for chlorophyll *a* ... 16

B.3 Results of the Interlaboratory Trial for chlorophyll *b* and *c* ... 18

B.4 Results of the Round Robin for chlorophyll *a* ... 19

B.5 Results of the Round Robin for chlorophyll *b* ... 26

B.6 Results of the Round Robin for chlorophyll *c* ... 28

B.7 Conclusions of the Round Robin ... 31

Annex C (informative) **Identification of chlorophyll *a*** ... 32

C.1 Identification of chlorophyll *a* ... 32

C.2 Chlorophyll *a* standard: Triple gradient – C18 stationary phase ... 32

C.3 Chlorophyll *a* standard: Double gradient – C8 stationary phase ... 35

Bibliography ... 39
