## Biodiversity - Considering biodiversity in the strategy and operations of organizations - Requirements and guidelines

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
3.1	Terms specific to biodiversity .....	1
3.2	Terms specific to the approaches of the organizations .....	2
4	Context of the biodiversity approach .....	5
4.1	Scope of the biodiversity approach .....	5
4.2	Review of existing policies, initiatives and actions .....	5
4.3	Consideration of interested parties .....	6
4.4	Staying updated .....	6
5	Involvement of interested parties .....	6
6	Identifying and prioritizing biodiversity impacts, dependencies, risks and opportunities ...	7
6.1	General .....	7
6.2	Identification of the material ecosystem services dependencies .....	7
6.3	Identification of the material impacts on biodiversity and ecosystem services .....	8
6.4	Identification of the material biodiversity-related risks and opportunities .....	8
6.5	Prioritization of the impacts, dependencies, risks and opportunities .....	10
7	Formalizing the biodiversity action plan .....	10
7.1	Organization's ambition .....	10
7.2	Defining objectives .....	10
7.3	Action planning .....	11
7.4	Setting indicators .....	12
7.5	Integrating the local context .....	12
8	Communication .....	12
8.1	General .....	12
8.2	Internal communication of results .....	13
8.3	External communication of results .....	13
9	Implementation, monitoring and review .....	13
9.1	Implementation .....	13
9.2	Monitoring indicators .....	13
9.3	Analysis of indicators' results .....	13
9.4	Continual improvement .....	14
Annex A (informative) Resources to support implementation of a biodiversity approach .....		15
Annex B (informative) DPSIR Framework applied to biodiversity .....		17
Bibliography .....		19
