Foreword .....

Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Requirements 5
4.1 Certified international or national standard instrument 5
4.2 National standard instrument 5
4.3 Secondary or internal standard instrument 5
4.4 Routine measuring instrument 5

5 Principle 6

6 Apparatus 6

7 Procedure 7
7.1 Traceability of national standard instruments through reference to the certified international or national standard instrument 7
7.2 Traceability of the secondary standard instruments through reference to the national standard instrument 9
7.3 Verification of instruments in operation 10

8 Monitoring of instrument performance 12

9 Test reports 12
9.1 Analysis certificate 12
9.2 Conformity certificate 13

10 Identification of traced measuring instruments 13

Annex A (normative) Method for calculation of performance parameters of standard instruments and of measurement instruments 14

Annex B (informative) Some owners of certified standard measurement instruments 21
