Foreword iv

Introduction vi

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Principle 2

5 Diluents, culture media and reagents 2
5.1 Basic materials 2
5.2 Diluents 2
5.3 Culture media 3

6 Apparatus and glassware 10

7 Sampling 11

8 Procedure 11
8.1 Propagation 11
8.2 Quality control strains and testing 12
8.3 Growth conditions for antibiotic susceptibility test 12
8.4 Preparation of microdilution plate 13

9 Expression of results 18

10 Precision 18
10.1 Interlaboratory test 18
10.2 Repeatability 18
10.3 Reproducibility 18

11 Test report 18

Annex A (informative) Interlaboratory trial 19
