

ISO 12099:2010-06 (E)

Animal feeding stuffs, cereals and milled cereal products - Guidelines for the application of near infrared spectrometry

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Terms and definitions	1
3	Principle	2
4	Apparatus	2
5	Calibration and initial validation	2
6	Statistics for performance measurement	4
7	Sampling	11
8	Procedure	11
9	Checking instrument stability	12
10	Running performance check of calibration	12
11	Precision and accuracy	14
12	Test report	14
Annex A (informative) Guidelines for specific NIR standards		15
Annex B (informative) Examples of figures		16
Annex C (informative) Supplementary terms and definitions		22
Bibliography		29
