

DIN EN ISO 12966-2:2011-05 (E)

**Animal and vegetable fats and oils - Gas chromatography of fatty acid methyl esters -
Part 2: Preparation of methyl esters of fatty acids (ISO 12966-2:2011)**

Contents	Page
Foreword	3
Introduction	4
1 Scope	7
2 Normative references	7
3 Reactions	7
4 Methodology	8
4.1 Preparation of test sample	8
4.2 Rapid method	8
4.3 General method	10
4.4 Transmethylation using boron trifluoride (BF₃) catalyst	12
4.5 Acid-catalysed transmethylation of glycerides	15
Annex A (informative) Thin-layer chromatography method for testing the completeness of derivatization	17
Bibliography	21
