

ISO 12966-2:2011-02 (E)

Animal and vegetable fats and oils - Gas chromatography of fatty acid methyl esters - Part 2: Preparation of methyl esters of fatty acids

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Reactions	1
4	Methodology	2
4.1	Preparation of test sample	2
4.2	Rapid method	2
4.3	General method	4
4.4	Transmethylation using boron trifluoride (BF ₃) catalyst	6
4.5	Acid-catalysed transmethylation of glycerides	9
Annex A (informative) Thin-layer chromatography method for testing the completeness of derivatization		11
Bibliography		15
