3 Termsanddefinitions 5

4 Principle 5

5 Reagents 6

6 Apparatus 6

7 Sampling 7

8 Procedure 7
8.1 Preparation of the test sample 7
8.2 Test portion 7
8.3 Preliminary extraction 7
8.4 Hydrolysis 8
8.4.1 General 8
8.4.2 Hydrolysis with apparatus I (6.2) 8
8.4.3 Hydrolysis with apparatus II (6.3) 8
8.5 Extraction 9

9 Calculation and expression of results 10
9.1 Determination with preliminary extraction 10
9.2 Determination without preliminary extraction 10

10 Precision 10
10.1 Interlaboratory test 10
10.2 Repeatability 10
10.3 Reproducibility 11
10.4 Critical difference 11
10.4.1 General 11
10.4.2 Comparison of two groups of measurements in one laboratory 11
10.4.3 Comparison of two groups of measurements in two laboratories 11
10.5 Measurement uncertainty 12

11 Test report 12

Annex A (informative) Results of an interlaboratory test 13

Annex B (informative) Comparison of fat contents for the samples used in the interlaboratory test 18
