ISO 6181:2023-03 (E)

Fertilizers and soil conditioners - Liquid methylene-urea slow release fertilizers - General requirements

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 Requirements 2
4.1 Visual inspection 2
4.2 Requirements of liquid methylene-urea slow release fertilizers 2

5 Analytical methods 2
5.1 Visual inspection for foreign matter 2
5.2 Determination of the mass fraction of total nitrogen 2
5.3 Determination of the mass fraction of ureic nitrogen 2
5.4 Determination of the mass fraction of methylene-urea reaction products nitrogen 2
5.5 Determination of the ammonia nitrogen 3
5.6 Determination of the nitric nitrogen 3
5.7 Determination of the cyanamide nitrogen 3
5.8 Determination of the biuret content 3
5.9 Determination of the mass fraction of water insoluble matter 3
5.10 Determination of the density 3

6 Sampling and preparation of test sample 3
6.1 Sampling method 3
6.2 Test sample preparation 3

7 Marking and labelling 3

8 Packaging, transport and storage 4

Bibliography 5
