

DIN EN 17708:2025-03 (E)

Plant biostimulants - Preparation of sample for microbial analysis

Contents		Page
European foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	6
5	Diluents	6
6	Apparatus	6
7	Sampling and storage	8
8	Preparation of samples and suspensions	8
8.1	Protocol for the enumeration of beneficial microorganisms	8
8.2	Protocol for the enumeration of non-beneficial (including pathogens) microorganisms	9
8.3	Protocol for the determination of anaerobic plate count	10
8.4	Protocol for the detection of pathogenic microorganisms	11
8.5	Further dilutions	11
8.6	Duration of the procedure	12
Annex A (normative) Plating procedure		13
Annex B (normative) Composition and preparation of diluents		15
