Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Principle 1

4 Reagents and materials 1

5 General test conditions 2
5.1 Test room 2
5.2 General test rules 2

6 Methods 2
6.1 Direct methods of smelling 3
6.2 Retro-nasal methods of smelling 6

7 Answer form 7

8 Interpretation of results 8
8.1 Initiation 8
8.2 Training 8
8.3 Selection 8

Annex A (normative) Preparation of dilutions of odoriferous substances 9

Annex B (informative) Specimen answer form 14

Annex C (informative) Retro-nasal method of assessing odours in gaseous phase by placing smelling strips into the buccal cavity 15
