|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| Foreword .....                                                                                                                                                                                      | iv   |
| Introduction .....                                                                                                                                                                                  | v    |
| 1 Scope .....                                                                                                                                                                                       | 1    |
| 2 Normative references .....                                                                                                                                                                        | 2    |
| 3 Terms and definitions .....                                                                                                                                                                       | 2    |
| 4 Reference meteorological conditions .....                                                                                                                                                         | 6    |
| 5 Reverberation test room .....                                                                                                                                                                     | 6    |
| 6 Instrumentation and measurement equipment .....                                                                                                                                                   | 10   |
| 7 Definition, location, installation, and operation of noise source under test .....                                                                                                                | 10   |
| 8 Measurements in the reverberation test room .....                                                                                                                                                 | 12   |
| 9 Determination of sound power levels and sound energy levels .....                                                                                                                                 | 19   |
| 10 Measurement uncertainty .....                                                                                                                                                                    | 27   |
| 11 Information to be recorded .....                                                                                                                                                                 | 30   |
| 12 Test report .....                                                                                                                                                                                | 31   |
| Annex A (informative) Guidelines for the design of reverberation test rooms .....                                                                                                                   | 32   |
| Annex B (informative) Guidelines for the design of rotating diffusing vanes .....                                                                                                                   | 34   |
| Annex C (normative) Reverberation test room qualification procedure for the measurement of broad-band sound .....                                                                                   | 35   |
| Annex D (normative) Reverberation test room qualification procedure for the measurement of discrete-frequency components .....                                                                      | 37   |
| Annex E (informative) Extension of frequency range to frequencies below 100 Hz .....                                                                                                                | 42   |
| Annex F (normative) Calculation of octave band sound power levels and sound energy levels, A-weighted sound power levels and A-weighted sound energy levels from one-third-octave band levels ..... | 45   |
| Annex G (informative) Guidelines on the development of information on measurement uncertainty .....                                                                                                 | 48   |
| Bibliography .....                                                                                                                                                                                  | 60   |
