Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Symbols, definitions, and units 2

5 Destructive test methods for turbomolecular pumps 3
5.1 General 3
5.2 Items to be checked 3
5.3 Test conditions for burst and crash (failure of rotor body and rotor blades) 3
5.4 Destructive test equipment 7
5.5 Destructive test procedures 8
5.6 "Crash" destructive test method (failure of rotor or stator blades) 9

6 Test report 14

Annex A (informative) Details to be stated in technical drawings and documents 15

Bibliography 16
