## Industrial furnaces and associated processing equipment - Safety - Part 1: General requirements

---

| <b>Contents</b>    |  | <b>Page</b> |
|--------------------|--|-------------|
| Foreword .....     |  | v           |
| Introduction ..... |  | vi          |
| 1                  | Scope .....  | 1           |
| 2                  | Normative references .....                                       | 1           |
| 3                  | Terms and definitions .....                                      | 2           |
| 4                  | Safety requirements and/or protective measures .....             | 2           |
| 4.1                | General .....  | 2           |
| 4.1.1              | Requirements .....   | 2           |
| 4.1.2              | General design and construction requirements .....               | 2           |
| 4.2                | Mechanical safety .....  | 4           |
| 4.2.1              | General .....  | 4           |
| 4.2.2              | Crushing .....   | 5           |
| 4.2.3              | Shearing .....   | 5           |
| 4.2.4              | Entanglement .....   | 5           |
| 4.2.5              | Drawing-in .....   | 5           |
| 4.2.6              | Impact .....   | 5           |
| 4.2.7              | High-pressure fluid ejection .....                               | 6           |
| 4.2.8              | Ejection of parts .....  | 6           |
| 4.2.9              | Slip/trip .....  | 6           |
| 4.2.10             | Falls .....  | 6           |
| 4.2.11             | Transport .....  | 6           |
| 4.3                | Electrical safety .....  | 7           |
| 4.3.1              | Electrical equipment of TPE .....                                | 7           |
| 4.3.2              | Electroheat installations/equipment .....                        | 7           |
| 4.4                | Thermal and cryogenic safety .....                               | 8           |
| 4.4.1              | General .....  | 8           |
| 4.4.2              | Contact with hot/cold surfaces .....                             | 8           |
| 4.4.3              | Fire/explosion .....   | 8           |
| 4.4.4              | Ejection of hot particles, work pieces and process liquids ..... | 9           |
| 4.4.5              | Thermal stress and other physiological effects .....             | 9           |
| 4.5                | Noise .....  | 10          |
| 4.5.1              | General .....  | 10          |
| 4.5.2              | Interference with communications .....                           | 10          |
| 4.6                | Vibration .....  | 10          |
| 4.7                | Radiation safety .....   | 11          |
| 4.7.1              | General .....  | 11          |
| 4.7.2              | Non-ionizing radiation .....                                     | 11          |
| 4.7.3              | Ionizing radiation .....   | 11          |
| 4.8                | Materials and substances processed, used or exhausted .....      | 12          |
| 4.8.1              | General .....  | 12          |
| 4.8.2              | Harmful by-products .....  | 12          |
| 4.8.3              | Fire/explosion .....   | 12          |
| 4.9                | Ergonomics .....   | 12          |
| 4.10               | Hazard combination .....   | 13          |
| 4.11               | Malfunction .....  | 13          |
| 4.11.1             | Failure of power supply and auxiliary fluids .....               | 13          |

|                       |   |    |
|-----------------------|---|----|
| 4.11.2                | Errors of fitting/assembly during installation .....                        | 13 |
| 4.11.3                | Effect of malfunctions of the control system/component safety devices ..... | 13 |
| 4.12                  | Missing and incorrectly fitted safety devices .....                         | 13 |
| 4.12.1                | General .....   | 13 |
| 4.12.2                | Power supply disconnection devices .....                                    | 13 |
| 5                     | Verification .....  | 14 |
| 6                     | Information for use .....   | 16 |
| 6.1                   | General requirements .....  | 16 |
| 6.2                   | Location and nature of the information for use .....                        | 17 |
| 6.3                   | Signals and warning devices .....   | 17 |
| 6.3.1                 | General .....   | 17 |
| 6.3.2                 | Marking .....   | 17 |
| 6.3.3                 | Personnel protection .....  | 18 |
| 6.3.4                 | Warning signs .....   | 18 |
| 6.4                   | Instruction handbooks/manuals .....   | 18 |
| Annex A (informative) | List of significant hazards .....   | 20 |
| Annex B (informative) | List of common industrial furnaces and associated processing equipment      | 29 |
| Annex C (informative) | Typical test report .....   | 33 |
| Annex D (informative) | Work-permit authorization .....   | 35 |
| Annex E (informative) | Information specific to Japan .....   | 37 |
| Annex F (informative) | Requirements specific to the USA .....                                      | 38 |
| Annex G (informative) | Requirements specific to the EU and associated countries .....              | 40 |
| Annex H (informative) | Requirements specific to Canada .....                                       | 42 |
| Annex I (informative) | Requirements specific to China .....  | 43 |
| Bibliography          | .....   | 44 |
