Automation systems and integration — Assessment on convergence of informatization and industrialization for industrial enterprises — Part 2: Maturity model and evaluation methodology

Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
4	Abbreviated terms
5	Maturity model
6	Principles of evaluation questionnaires for ACII reference model components
6.1	General
6.2	Activity of ACII reference model component for evaluation
6.2.1	Infrastructure aspect assessment
6.2.1.1	Capital investment
6.2.1.2	Organization and planning
6.2.1.3	Equipment and facilities management
6.2.1.4	Information resources management
6.2.1.5	Information security management
6.2.2	Domain application aspect assessment
6.2.2.1	Product design
6.2.2.2	Process design
6.2.2.3	Production management
6.2.2.4	Materials management
6.2.2.5	Sales management
6.2.2.6	Financial management
6.2.2.7	Security management
6.2.2.8	Project management
6.2.2.9	Maintenance management
6.2.2.10	Human resource management
6.2.2.11	Document management
6.2.2.12	Quality management
6.2.2.13	Environment, Health and Safety (EHS) management
6.2.2.14	Energy management
6.2.3	Comprehensive integration aspect assessment
6.2.3.1	Product design and manufacturing integration
6.2.3.2	Production management and control integration
6.2.3.3	Production, supply and marketing integration
6.2.3.4	Operation decision support
6.2.4	Collaborative integration aspect assessment
7	Guidance for maturity evaluation method
Annex A	(informative) Examples of evaluation questionnaires for ACII reference model components
A.1	Infrastructure aspect assessment
A.1.1	Capital investment
A.1.2	Organization and planning
A.1.3	Equipment and facilities management

- A.1.4 Information resources management**
- A.1.5 Information security management**
- A.2 Domain application aspect assessment**
 - A.2.1 Product design**
 - A.2.2 Process design**
 - A.2.3 Production management**
 - A.2.4 Materials management**
 - A.2.5 Sales management**
 - A.2.6 Financial management**
 - A.2.7 Security management**
 - A.2.8 Project management**
 - A.2.9 Maintenance management**
 - A.2.10 Human resource management**
 - A.2.11 Document management**
 - A.2.12 Quality management**
 - A.2.13 Environment, Health and Safety (EHS) management**
 - A.2.14 Energy management**
- A.3 Comprehensive integration aspect assessment**
 - A.3.1 Product design and manufacturing integration**
 - A.3.2 Production management and control integration**
 - A.3.3 Production, supply and marketing integration**
 - A.3.4 Operation decision support**
- A.4 Collaborative integration aspect assessment**
