DIN EN 15061:2023-04 (E)

Safety of machinery - Safety requirements for strip processing line machinery and equipment

Contents

Page

European forword ... 3

Introduction ... 4

1 Scope ... 5

2 Normative references ... 6

3 Terms and definitions ... 9

4 List of significant hazards ... 14
4.1 General ... 14
4.2 Interfaces to the linked/integrated equipment ... 15

5 Safety requirements and/or protective/risk-reducing measures ... 15
5.1 General ... 15
5.2 Requirements for design, planning and risk assessment ... 16
5.3 List of significant hazards, hazardous situations, safety requirements and/or protective/risk reduction measures for terminal equipment ... 34
5.4 List of significant hazards, hazardous situations, safety requirements and/or protective/risk reduction measures for processing equipment ... 55

6 Verification/validation of the safety requirements/functions and/or protective/risk reduction measures ... 81
6.1 General ... 81
6.2 Required verification D ... 82
6.3 Required verification V, M and T ... 82

7 Information for use ... 83
7.1 General ... 83
7.2 Safety signs and warning devices ... 83
7.3 Minimum marking ... 83
7.4 Accompanying documents ... 84
7.5 Training of personnel ... 87
7.6 Remote access ... 87

8 Supplementary information regarding repair work ... 87

Annex A (normative) **Requirements for shut-down, emergency stop and other stop functions** ... 89

Annex B (normative) **Noise test code** ... 94

Annex C (normative) **Protection of persons in case of using asphyxiant gases used in firefighting systems** ... 98

Annex D (informative) **Exemplary solutions** ... 102

Annex E (informative) **Example for the risk analysis due to interfaces** ... 106

Annex F (informative) **Example for modes of operation in relation to segregated areas** ... 107

Bibliography ... 108
