Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Chains 1

4 Attachments 11

5 Chain sprockets 15

Annex A (normative) Pitch-circle diameters 22

Annex B (informative) Equivalent chain designations 24

Annex C (informative) Method of calculating chain minimum dynamic strength 25

Annex D (informative) Method of determining maximum test force Fmax when conducting dynamic strength conformance test 27
