## Agricultural sprayers - Boom steadiness - Test methods

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1 <b>Scope</b> .....		1
2 <b>Normative references</b> .....		1
3 <b>Terms and definitions</b> .....		1
4 <b>Test conditions</b> .....		3
5 <b>Test methods and requirements</b> .....		3
<b>Annex A (normative) Dimensional specifications of boom and suspension</b> .....		8
<b>Annex B (informative) Example results for field or track tests -- Curves of displacements related to balance position</b> .....		9
<b>Annex C (informative) Example results for track tests -- Peak-to-peak amplitudes for oscillations</b> ...		10
<b>Annex D (informative) Example results for field or track tests -- Curves of displacements related to balance position</b> .....		11
<b>Bibliography</b> .....		13
