ISO 6015:2006-02 (E)

Earth-moving machinery - Hydraulic excavators and backhoe loaders - Methods of determining tool forces

Contents

Page

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Measurement methods 3
4.1 Test site and general 3
4.2 Test apparatus 3
4.3 Preparation for testing 4
4.4 Requirement during testing 8
4.5 Limit conditions 8
4.6 Pivot positions 8
4.7 Outriggers 8
4.8 Measurement procedure 8
4.9 Test report 10

5 Calculation methods 12
5.1 General 12
5.2 Rated tool forces and closing force 12

6 Verification of rated tool and closing forces 16
