DIN EN 415-6:2007-06 (E)

Safety of packaging machines - Part 6: Pallet wrapping machines

Contents

Page

Foreword 6

Introduction 7

1 Scope 8

2 Normative references 9

3 Terms and definitions 11
3.1 Definition of terms 11
3.2 Description of pallet wrapping machines 12

4 List of hazards on pallet wrapping machines 27
4.1 General 27
4.2 General pallet wrapping machine hazards 28
4.3 Specific hazards on pallet stretch wrapping machines excluding shrinking systems and auxiliary machines 32
4.4 Specific hazards on pallet shrinking systems 36
4.5 Auxiliary machines 38

5 Safety requirements and measures for pallet wrapping machines 39
5.1 General 39
5.2 General requirements for pallet wrapping machines 39
5.3 Safety requirements for pallet wrapping machines 52
5.4 Safety requirements for shrinking systems 58
5.5 Auxiliary machines 63

6 Verification of safety requirements and measures 63
6.1 General 63
6.2 Visual inspections with the machine stopped 64
6.3 Measurements with the machine stopped 64
6.4 Visual inspections with the machine running 64
6.5 Measurements with the machine running 65
6.6 Verification procedures 65

7 Information for use 67
7.1 Marking 67
7.2 Signals and warning signs 68
7.3 Instruction handbook 68

Annex A (normative) Noise test code for pallet wrapping machines - grade of accuracy 2 and 3 70

A.1 Scope 70
A.2 Definitions 70
A.3 Determination of the emission sound pressure level at work station 70
A.4 Determination of the sound power level 71
A.5 Installation and mounting conditions 71
A.6 Operating conditions 71
A.7 Measurement uncertainties 74
A.8 Information to be recorded 74
A.9 Information to be reported 74
A.10 Declaration and verification of noise emission values 75

Annex B (normative) Methods of safeguarding large apertures 77

B.1 Interlocked guards with guard locking 77
B.2 Fixed and interlocked guards with ESPE 78
B.3 Positioning of ESPE 80

Annex C (normative) ESPE-Muting 82

Annex D (informative) List of possibly helpful standards for gas equipment 84

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 98/37/EC 85
