

DIN EN ISO 6149-4:2015-03 (E)

Connections for fluid power and general use - Ports and stud ends with ISO 261 metric threads and O-ring sealing - Part 4: Dimensions, design, test methods and requirements for external hex and internal hex port plugs (ISO 6149-4:2006)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	6
4	Dimensions	6
4.1	Plug dimensions	6
4.2	Hex tolerances	6
4.3	Screw threads	6
5	Requirements	6
5.1	Working pressures and working temperatures	6
5.2	Performance	7
6	O-rings	7
7	Test methods	7
8	Designation of port plugs	7
9	Identification	8
10	Manufacture	8
10.1	Construction	8
10.2	Workmanship	8
10.3	Finish	8
11	Procurement information	8
12	Marking	8
13	Identification statement (reference to this part of ISO 6149)	9
