

DIN 21057-1:2016-12 (E)

Pipe classes for process plants - Part 1: General - General principles for creating pipe classes

Contents

Page

Foreword	4
1 Scope	5
2 Normative references	5
3 Terms and definitions, symbols and units	7
3.1 Terms and definitions.....	7
3.2 Symbols and units.....	7
4 General design principles.....	9
4.1 Design of piping components	9
4.2 Pressure/temperature ratings.....	9
4.2.1 Minimum allowable temperature TS_{min}	10
4.2.2 Maximum allowable temperature TS_{max}	10
4.3 Cyclic loading	10
4.4 Vacuum resistance	10
5 Materials	10
6 Parameters for the design of piping components under internal pressure	11
6.1 Allowable stress for piping components.....	11
6.2 Allowable stress for joining elements.....	11
6.3 Corrosion allowances.....	11
6.4 Tolerances and allowable wall thickness minus tolerance	12
6.5 Weld factors.....	12
6.6 Test conditions	12
7 Requirements for piping components	12
7.1 General requirements for piping components	12
7.2 Pipes	13
7.3 Fittings.....	13
7.3.1 General	13
7.3.2 Pipe bending (cold forming of pipes).....	13
7.3.3 Pipe elbows.....	14
7.3.4 Reducers	14
7.3.5 Flexible piping elements.....	14
8 Branches	14
8.1 Branch types.....	14
8.2 Calculation of branches	16
8.2.1 Wall thickness ratio	16
8.2.2 Calculation method and selection	17
8.2.3 Design and fabrication notes.....	17
8.2.4 Adaptation of pipe connections.....	17
8.2.5 Angular offset.....	18

9	Branch tables for pipe classes	18
9.1	General	18
9.2	Explanatory notes on the branch tables	18
10	Dished ends	20
11	Flanges.....	20
11.1	General principles.....	20
11.2	Flange facings.....	20
12	Flanged joint.....	21
12.1	General principles.....	21
12.2	Additional pipe forces, external loads.....	21
12.3	Basic provisions	21
12.3.1	Friction coefficient.....	21
12.4	Gaskets	21
12.4.1	Gasket types and materials.....	21
12.4.2	Gasket dimensions.....	21
12.4.3	Gasket parameters.....	22
13	Specification sheets for pipe classes	22
Annex A (informative)	Pipe class designation.....	23
A.1	General	23
A.2	Designation.....	23
A.3	Establishing a pipe class	23
A.4	Pipe material group.....	23
A.5	Flange facing or connection type	24
A.6	Gaskets	24
A.7	Materials.....	25
Annex B (informative)	Colour coding	27
