DIN EN 13480-6/A1:2006-03 (E)

Metallic industrial piping - Part 6: Additional requirements for buried piping

Contents

Page

Foreword 3

5 Design and calculation 4
5.2 Design 4

Annex A (normative) Calculations for buried piping 5

A.1 General 5
A.2 Materials 5
A.3 Design and calculation 5
A.3.1 Calculation procedure 5
A.3.2 Determination of the loads due to backfill 5
A.3.3 Determination of the loads due to live loads 17
A.3.4 Determination of the moments acting upon the piping 21
A.3.5 Global stability of a buried piping system 23

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 97/23/EC 28
