European foreword	4
Foreword	5
Introduction	6
1 Scope	7
2 Terms and definitions	7
3 Micronucleus assay methodology used in this standard	10
3.1 General	10
3.2 General requirement of the laboratory	10
3.3 Requests for analysis and blood sampling	10
3.4 Cell culturing	11
3.5 Staining	11
3.6 Microscopy	12
3.7 Visual scoring of slides	12
3.8 Automated analysis	13
4 Confidentiality of personal information	13
4.1 Overview	13
4.2 Applications of the principle of confidentiality	13
5 Laboratory safety requirements	14
5.1 Overview	14
5.2 Microbiological safety requirements	14
5.3 Chemical safety requirements	15
5.4 Optical safety requirements	16
5.5 Safety plan	16
6 Calibration source(s), calibration curve, and minimum resolvable dose	16
6.1 Calibration source(s)	16
6.2 Calibration curve	16
6.3 Background micronucleus frequency	17
6.4 Minimum resolvable dose measurement	18
7 Responsibility of the customer	18
8 Responsibility of the CBMN laboratory	18
8.1 Setup and sustainment of the QA program	18
8.2 Responsibility during service	19
9 Accidental overexposure involving few individuals	20
9.1 Procedure for scoring micronuclei in binucleated cells	20
9.2 Criteria for converting a micronucleus yield into an estimate of absorbed dose	20
9.3 Reporting of Results	21
10 Population triage	23
10.1 General	23
10.2 Use of a CBMN assay network for large scale exposures	23
10.3 Procedure for scoring micronuclei in binucleated cells	23
10.4 Criteria for converting a micronucleus yield into an estimate of absorbed dose	23
10.5 Reporting of results	23

11	Quality assurance and quality control.....	23
11.1	Overview	23
11.2	Quality Assurance.....	23
11.3	Quality control.....	24
Annex A	(informative) Sample data sheet for recording micronuclei in binucleated cells.....	26
Annex B	(informative) Automation of micronuclei scoring.....	27
Annex C	(informative) Instructions for customer (sample)	29
Annex D	(informative) Sample questionnaire	30
Annex E	(informative) Sample of report for single assessment	32
Annex F	(informative) Example group sample report.....	33
Bibliography		35
