Annex A (informative) Chemical separation of plutonium from 20 ml of urine sample		11
Annex B (informative) Chemical separation of plutonium from 100 ml of urine sample		13
Annex C (informative) Chemical separation of plutonium from a 24 h excretion urine sample		16
Annex D (informative) Preparation of the source by electrodeposition		20

Annex E (Informative)Preparationofthealphasourcebylanthanidefluorideco-precipitation	23
Annex F (informative) Activity measurement and results expression when using the alpha spectrometry method	25
Annex G (informative) Measurement and results expression when using the ICP-MS method	32
