DIN EN ISO 14343:2010-04 (E)

Welding consumables - Wire electrodes, strip electrodes, wires and rods for arc welding o f stainless and heat resisting steels - Classification (ISO 14343:2009)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Classification 6

5 Properties of all-weld metal 15

6 Chemical analysis 15

7 Rounding procedure 15

8 Retests 15

9 Technical delivery conditions 15

10 Examples of designation 16

Annex A (informative) Expected minimum tensile properties of all-weld metal 17

Bibliography 19
