Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Classification 5

4 Symbols and requirements 5
4.1 Symbol for the product 5
4.2 Symbol for the chemical composition 6

5 Mechanical properties 6

6 Chemical analysis 6

7 Rounding procedure 6

8 Retest 6

9 Technical delivery conditions 6

10 Designation 9

Annex A (informative) Explanation of classification symbols for chemical composition 10

A.1 General 10
A.2 Alloy group 01 10
A.3 Alloy group 22 10
A.4 Alloy group 24 10
A.5 Alloy group 34 10
A.6 Alloy group 35 11
A.7 Alloy group 42 11
A.8 Alloy group 46 11
A.9 Alloy group 48 11
A.10 Alloy group 51 11
A.11 Alloy group 63 11
A.12 Alloy group 64 11
A.13 Alloy group 82 11
A.14 Alloy group 84 11
A.15 Alloy group 86 12

Annex B (informative) Corresponding national classifications 13
