

DIN EN ISO 544:2011-06 (E)

Welding consumables - Technical delivery conditions for filler materials and fluxes - Type of product, dimensions, tolerances and markings (ISO 544:2011)

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Product type and welding process	4
4	Dimensions and tolerances	4
4.1	Solid wires and solid wire electrodes, tubular cored wires and tubular cored electrodes, solid and tubular cored rods and covered electrodes	4
4.2	Solid strip electrodes	5
4.3	Cored strip electrodes and thin foils	5
4.4	Fluxes	7
5	Rounding procedure	7
6	Condition of welding consumables	7
6.1	Covered electrodes	7
6.2	Wires, rods, and strips	7
7	Marking	11
7.1	Marking on the product	11
7.1.1	Covered electrodes	11
7.1.2	Wires and strips	11
7.1.3	Rods	11
7.2	Marking on the package	11
8	Packaging	11
9	Inspection documents	11
