

# DIN EN ISO 544:2011-06 (E)

## Welding consumables - Technical delivery conditions for filler materials and fluxes - Type of product, dimensions, tolerances and markings (ISO 544:2011)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Product type and welding process .....	4
4	Dimensions and tolerances .....	4
4.1	Solid wires and solid wire electrodes, tubular cored wires and tubular cored electrodes, solid and tubular cored rods and covered electrodes .....	4
4.2	Solid strip electrodes .....	5
4.3	Cored strip electrodes and thin foils .....	5
4.4	Fluxes .....	7
5	Rounding procedure .....	7
6	Condition of welding consumables .....	7
6.1	Covered electrodes .....	7
6.2	Wires, rods, and strips .....	7
7	Marking .....	11
7.1	Marking on the product .....	11
7.1.1	Covered electrodes .....	11
7.1.2	Wires and strips .....	11
7.1.3	Rods .....	11
7.2	Marking on the package .....	11
8	Packaging .....	11
9	Inspection documents .....	11
Bibliography .....		12
