Friction stir welding - Aluminium - Part 3: Qualification of welding operators (ISO 25239-3:2011)

| Contents | | Page |
|--|---|-------------|
| Foreword | | 3 |
| Introduction | | 4 |
| 1 | Scope | 5 |
| 2 | Normative references | 5 |
| 3 | Terms and definitions | 5 |
| 4 | Requirements | 5 |
| 4.1 | Welding operator qualification | 5 |
| 4.2 | Essential variables and ranges of qualification | 6 |
| 4.3 | Qualification methods | 7 |
| 4.4 | Test welds | 8 |
| 4.5 | Test record | 9 |
| 5 | Certificate | 9 |
| 5.1 | General | 9 |
| 5.2 | Period of validity | 10 |
| Annex A (normative) Functional knowledge of the welding unit | | 11 |
| Annex B (informative) Knowledge of welding technology | | 12 |
| Annex C (informative) Qualification test certificate for FSW operators | | 14 |
| Bibliography | | 16 |
