DIN CEN/TR 15339-6:2020-11 (E)

Thermal spraying - Safety requirements for thermal spraying equipment - Part 6: Spray booth, Handling system , Dust collection, Exhaust system, Filter

Contents

Page

European foreword 4

1 Scope 5

2 Normative references 5

3 Function of thermal spraying equipment for thermal spraying 5
3.1 General 5
3.2 Function and construction of a spray cabin 5
3.2.1 General requirements 5
3.2.2 Features of a spray cabin 6
3.2.3 Layout for a spray cabin or a thermal spraying equipment in the workshop 6
3.2.4 Ventilation and exhausting for the spray cabin 6
3.3 Equipment in the spray cabin 8
3.3.1 General 8
3.3.2 Function and description of the manipulating systems 8
3.3.3 Electrical equipment and installation 8
3.4 Extraction and filtering equipment 9
3.4.1 General 9
3.4.2 Dry extraction 9

4 Potential hazards 10
4.1 General 10
4.2 Mechanical hazards 10
4.3 Electrical hazards 10
4.4 Thermal hazards 10
4.5 Fire and explosion 10
4.6 Hazards generated by noise 10
4.7 Hazards generated by radiation 11
4.8 Hazards generated by spray materials and substances 11
4.9 Hazards generated by neglecting ergonomic principles 11
4.10 Human error, human behaviour 11
4.11 Hazard of asphyxiation 11

5 Safety requirements - protection measures 11
5.1 General 11
5.2 Protection measures from mechanical hazards 12
5.3 Protection measures from electrical shock or other injury from the energy supply 12
5.4 Protection measures from thermal attack 13
5.5 Protection measures from fire and explosion 13
5.6 Protection measures from noise outside the spray cabin in the workshop 13
5.7 Protection measures from radiation 14
5.8 Protection measures from attack by spray materials and substances 14
5.8.1 General 14
5.8.2 Control of the emission into the environment 15
5.8.3 Pressure supervising of the filter system 15
5.8.4 Precautionary measures for air recovery back into the spray cabin or workshop 15
5.8.5 Cleaning the cabin 15
5.8.6 Disposal of spray dust 16
5.9 Protection measures from neglecting ergonomic principles 16
5.10 Protection measures in the case of human error and human behaviour 16

5.11 Protection measures when entering the spray cabin 16
5.12 Safety related maintenance 16

6 Requirements for manufacture, supply, operation, and maintenance 17
6.1 Requirements for the manufacturer 17
6.2 Requirements for the integrator 17
6.3 Requirements for the user 17

7 National rules 18
