

# DIN CEN/TR 15339-6:2020-11 (E)

## Thermal spraying - Safety requirements for thermal spraying equipment - Part 6: Spray booth, Handling system , Dust collection, Exhaust system, Filter

---

<b>Contents</b>		<b>Page</b>
European foreword .....		4
1	Scope .....	5
2	Normative references .....	5
3	Function of thermal spraying equipment for thermal spraying .....	5
3.1	General .....	5
3.2	Function and construction of a spray cabin .....	5
3.2.1	General requirements .....	5
3.2.2	Features of a spray cabin .....	6
3.2.3	Layout for a spray cabin or a thermal spraying equipment in the workshop .....	6
3.2.4	Ventilation and exhausting for the spray cabin .....	6
3.3	Equipment in the spray cabin .....	8
3.3.1	General .....	8
3.3.2	Function and description of the manipulating systems .....	8
3.3.3	Electrical equipment and installation .....	8
3.4	Extraction and filtering equipment .....	9
3.4.1	General .....	9
3.4.2	Dry extraction .....	9
4	Potential hazards .....	10
4.1	General .....	10
4.2	Mechanical hazards .....	10
4.3	Electrical hazards .....	10
4.4	Thermal hazards .....	10
4.5	Fire and explosion .....	10
4.6	Hazards generated by noise .....	10
4.7	Hazards generated by radiation .....	11
4.8	Hazards generated by spray materials and substances .....	11
4.9	Hazards generated by neglecting ergonomic principles .....	11
4.10	Human error, human behaviour .....	11
4.11	Hazard of asphyxiation .....	11
5	Safety requirements - protection measures .....	11
5.1	General .....	11
5.2	Protection measures from mechanical hazards .....	12
5.3	Protection measures from electrical shock or other injury from the energy supply .....	12
5.4	Protection measures from thermal attack .....	13
5.5	Protection measures from fire and explosion .....	13
5.6	Protection measures from noise outside the spray cabin in the workshop .....	13
5.7	Protection measures from radiation .....	14
5.8	Protection measures from attack by spray materials and substances .....	14
5.8.1	General .....	14
5.8.2	Control of the emission into the environment .....	15
5.8.3	Pressure supervising of the filter system .....	15
5.8.4	Precautionary measures for air recovery back into the spray cabin or workshop .....	15
5.8.5	Cleaning the cabin .....	15
5.8.6	Disposal of spray dust .....	16
5.9	Protection measures from neglecting ergonomic principles .....	16
5.10	Protection measures in the case of human error and human behaviour .....	16

5.11	Protection measures when entering the spray cabin .....	16
5.12	Safety related maintenance .....	16
6	Requirements for manufacture, supply, operation, and maintenance .....	17
6.1	Requirements for the manufacturer .....	17
6.2	Requirements for the integrator .....	17
6.3	Requirements for the user .....	17
7	National rules .....	18
	Bibliography .....	19
